## Report of School Committee

---

*To the Citizens of the Town of Prospect:—*

We respectfully submit the following report of the schools and of their financial standing for the year 1920-21.

Only three schools have been maintained during the year, Mrs. Flora H. Ward, Miss Velma B. Myrick, and Mrs. Carrie M. Hamlin, having them in charge.

### CONVEYANCE

Mr. Warren Brown conveyed during the spring term.

### REPAIRS

Only minor repairs have been made on the schoolhouse. An attempt to remodel the school buildings at the Marsh was made, but the work was suspended on account of not being able to procure material. It is hoped that material and labor may be obtained in the near future, and that the buildings may be remodeled according to State requirements.

### BOOKS

Only a replacement of books has been attempted. Some new kinds of books should be added another year.

### SUPPLIES

The fund for supplies was too small to furnish what supplies were needed. A more generous appropriation is needed in this account.

## NUMBER OF SCHOLARS BY GRADES

## COST OF SCHOOLS PER SCHOLAR

## HIGH SCHOOL

The students now attending secondary schools are as follows:

Those attending Frankfort High School are: Hilda Clark, Leroy Haley, Frank Haley, Glenora Kenney, Helen Kazick, Earl Dow, Ernest Dunaver, and Alton Gross. Ada Harriman and Reeta Clowes are attending the E. M. C. Seminary, and Mildred Nickerson is attending the Stockton high school.

Hilda Clark and Glenora Kenney expect to graduate in June leaving nine who will probably continue their studies.

The above table shows four in the ninth grade. These will

probably enter some secondary school next year making thirteen in all to pursue secondary school courses.

## CONCLUSION

We wish to remind our citizens that our boys and girls are our most valuable assets; that they become more valuable in proportion to the education they acquire; and that without an education they are likely to become a liability instead of an asset.

We feel that we have had the united interest and support of all the citizens in carrying out our program of school work this year, and we ask that we may have the same good help during the next year.

We recommend that the following amounts be raised for school purposes. (If the Point school be maintained, \$510. more than is asked for below, will be needed for common schools.)
